President’s Communication

Dear Students,

It is none other than the teachers, who mould their students to bring out their hidden talents and skills and impart quality education and prepare good citizens for the nation. Teachers mould the lives that they influence because the lessons learned from teachers remain with their students throughout the life. As Albert Einstein said, “It is the supreme art of the teacher to awaken joy in creative expression and knowledge”. The great teacher, scholar, philosopher and the former President of India Dr. Sarvepalli Radhakrishnan said, only the right kind of education could solve many ills of the society and the country. In his opinion, teachers should be the best minds of the country; they should not merely instruct but should gain the true affection of pupils, and the respect for teachers cannot be ordered but it should be earned. His respect for the teaching profession and his contribution towards the Indian education system is memorable across the country. I, on behalf of the Institute felicitate and convey my heartiest greetings to the teaching fraternity on the auspicious occasion of Teacher’s Day, which is observed every year on September to commemorate the birthday of Dr. Radhakrishnan. I hope that the teachers working everywhere will define themselves what it is to be a teacher and what essential regular inputs can make their performance meaningful, purposeful and laudable.

CRET

I am happy to share that work of Committee for Review of Education and Training (CRET) (2014) is in full swing. As a matter of fact, I would like to express my sincere appreciation to Past Presidents, Members of Regional Councils and Branch Managing Committee, Members, Students and other users of professional services for giving valuable input and sending responses on various issues raised in Regional CRET meetings and filled-in questionnaires sent by them. I also wish to acknowledge the valuable contribution of Members of Central Council particularly on the issues related to Entry Requirement, Practical Training, Theoretical Instruction and Accounting Technician Course.

I would like to share with membership at large that the Council felt strongly that the entry should be slightly tougher and practical training should be continuous and uninterrupted. Further, the ICAI need to ensure that potential chartered accountants should also acquire some specialization in terms with the contemporary business environment.

e-learning

The Board of Studies of the Institute, in its continuous endeavour to provide good educational content and leverage technology, has made available ICAI Cloud Campus that offers a One-Stop-Window providing course information, course enrollment, online education, Knowledge Portal, administrative support, examination forms/ results and other requirements.

MESSAGE

The Cloud Campus has transformed the learning system for CA Course from brick and mortar to a Campus on the Cloud by leveraging technology to provide good education at the doorsteps of students, at the click of a button anytime and anywhere across the country and abroad.

The distinctive features of Cloud Campus have in fact brought about a revolution in the way the education is being imparted to the CA Students. Recently, live mentoring has also been launched so that students can directly seek answers to their queries by talking to the subject faculty. We are confident that such an initiative by Board of Studies shall enable the students to concentrate on Practical Training in a more effective manner.

Reading Rooms: A place for comfortable Learning

To provide the students a comfortable atmosphere for reading, we have set up 19 additional Reading Rooms in various parts of the country under the new scheme commenced from June last year. Prior to launching of the new scheme 79 Reading Rooms and libraries were functioning in our Regional Councils and Branches.

Examination: Kudos to the Successful

I would like to congratulate all those who have passed the Intermediate (IPC) and Final examinations held in May/June 2014. I am quite sure that our decision to allow 15 minutes extra time for reading the question papers before the examination must have helped the students in a greater way to understand the questions fully and answer appropriately. I also congratulate the Rank Holders for their outstanding performance. Your stupendous performance had given you rich dividends thereby making your family and the Institute so proud. Those who could not make it for this time should not get disappointed. Prepare yourself for a great dinners next time. You all may go through the Interview of the Rank Holders published in the later pages of this issue and gain something from that for future preparations.

Hard Work: Key to Success

Those who are preparing for the next examinations should not forget that it takes a lot of hard work and commitment to clear the examinations and emerge as a member of the much-coveted CA profession. You should not restrict your preparations only during the last couple of months before the examination. Thomas H. Huxley rightly said “Sit down before fact as a little child, be prepared to give up every preconceived notion, follow humbly wherever or whatever abysses nature leads, or you will learn nothing.” I would like to exhort you to start your preparations from the day one you enroll for the CA course. Coupled with an effective study plan, hard work will surely lead you to success. You should chart out a comprehensive study plan well in advance and follow the same in a very systematic manner. You should also make optimum use of the Study Material and Practice Manual on different subjects being provided by the Institute from time to time.

Best Wishes

K. Raghu

CA. K. Raghu
President,
The Institute of Chartered Accountants of India
MESSAGE

Vice President’s Communication

My Dear Students,

The students who have appeared in the Common Proficiency Test, Intermediate (IPC) examinations and Final Examinations held in the months of May and June, 2014 must have been anxiously waiting for the results. For them the wait is over as the results have been declared recently. My heartiest compliments and congratulations to rank-holders and all other students who have cleared the examinations. The examinations of professional chartered accountancy course are highly demanding and require well carved strategy and concerted hard work. However, a right approach will help to easily pass them. The students who could not get through should not get disappointed. Do not allow the feeling of discouragement come in your way. Believe in your abilities and continue hard work. Thomas A. Edison said – “Many of life’s failures are people who did not realize how close they were to success when they gave up.” I am quite sure that if you start afresh with renewed enthusiasm and full dedication, the success will be yours – sooner than later.

Our parents and teachers play a great role in our lives. They help to develop our inherent personality. In ancient Hindi literature the teachers have been compared with the God. Sant Kabir wrote - Guru gobind dou khade, kaake lagoon pay. Bاليhari guru aapne gobind diyo batay. Teachers impart quality education and help us to become capable citizens. They have an influencing role in our lives, guiding us right from the formative years of our lives. They mould us and shape-up our future. Fifth of September, the birthday of Dr. Sarvepalli Radhakrishnan, the second President of India is celebrated as teachers day. Dr. Radhakrishnan was a philosopher, a scholar and above all a great teacher. I extend my best wishes to the teaching fraternity on this auspicious occasion.

As we celebrate teachers day, it would be appropriate to mention about some of the initiatives taken by the Board of Studies to provide quality education to its students. The Institute leaves no stone unturned to keep you well informed and enrich your knowledge. Keeping this in mind, we have launched Cloud Campus on the Chartered Accountant’s Day. A very encouraging response is being received. The Cloud Campus galvanizes the power of information technology to reach out the students across the country and abroad to deliver education and training at your doorsteps. At the same time, it provides one-stop-window to all your educational, administrative, examination, enrolment and other requirements. We are in the process of including video and e-lectures for chartered accountancy courses. I am happy to share with you that so far we have covered about 150 hours of video lectures and 550 hours of e-lectures. This will greatly help the students, particularly those from small and mofussil towns who do not otherwise have access to good resources.

A number of knowledge based programmes such as conventions and conclaves are being held across the length and breadth of country. I had an opportunity to attend some of them. The overwhelming response of students was really heartening. I admire the students who took great efforts in assimilating information, writing papers and presenting them. These efforts would go a long way in shaping your personality. It is my earnest wish that you should attend these events in greater number. It would also rejuvenate your thinking process and help you mould your future. Students in audience should also try to write and present papers. Have a positive approach in life. I would like to conclude this message with the words of Mahatma Gandhi. “A man is but a product of his thoughts. What he thinks, that he becomes.”

Wish you all the best.

Yours sincerely,

CA. Manoj Fadnis
Vice President
The Institute of Chartered Accountants of India

September 2014 | The Chartered Accountant Student
Chairman’s Communication

Dear Students,

This issue would reach you when the most anxious waiting time would have elapsed and you would be ready for the next move. I heartily congratulate all those who have passed the examinations. I specially appreciate the Rank Holders for their stupendous and excellent performance. It is gratifying to note that the percentage of successful candidates has improved. This positive movement is a result of your combined successful performance. This success will show you the path to reach new heights of growth and leadership. My heart goes out to all those who could not make it through the examinations. But I wish to reiterate, that this is only an examination and not a personal failure. Do not get disheartened or depressed with the negative result. Take this as a learning opportunity and retry with fresh enthusiasm and vigor. Accept the outcome with grace and start again with a fighting spirit. Keep some old strategies and make new ones too and very soon victory will be at your doorstep. As said by Winston Churchill “Success is not final, failure is not fatal: it is the courage to continue that counts.” And it was Bill Cosby who said, In order to succeed your desire for success should be greater than your fear of failure. So put your best foot forward once again!

Last month Committee on Review of Education and Training (CRET) invited certain suggestions from you all and I am happy to see that many of you have provided us with your valuable feedback through the questionnaire uploaded on the website. This would be of immense value to the Committee in deciding its way forward with your inputs.

Board of Studies organizes various National Conventions and Conclaves every month. It was heartening for me to see at the ones that I attended, the response from you all. Your energy levels were very high and you were updated and contemporary in the information you had. The talent and skills showcased in the cultural programs also demonstrated that you believed in cultivating many facets of your personality. I congratulate you for your overwhelming participation. The next National Conclave is scheduled in Patna on September 6th and 7th 2014. The basic purpose is to make you all aware of the recent developments and to sharpen your presentation and communication skills. You will also get an opportunity to meet and communicate with eminent speakers. Many such programs are also scheduled in November and December, 2014. I request you to attend these events and extract maximum benefit from them.

Many of you may be aware of recently launched Cloud Campus, which not only provides existing information and resources but also other facilities. These include Online Mentoring Sessions for all subjects and Video Lectures for Practical subjects. Online Mentoring provides you a platform to have a live interaction with our experienced faculties. For availing the facility, you need to register well before the session. You may also ask your queries in advance while registering. I sincerely advice, that you utilize this service effectively and register in large numbers to clarify your doubts well before the examinations.

Recently, Convocations were held at various Regions with strong attendance by new Members. It was a highly prestigious moment for all recently qualified Chartered Accountants and their families. To receive the degree from the President ICAI was a great honour for each of the new members and an inspiration for the future. Wishing you every success in all your endeavors and May I take this opportunity to wish all of you a very Happy Teachers’ Day.

Something for all: Never let success get to your head and never let failure get to your heart.

Yours sincerely,

CA. M. Devaraja Reddy
Chairman, BOS
In our Practical Training series on Indirect Taxes, the Online Registration was published in the August 2014 issue of the Students’ Journal. E-Filing and E-Payment of Service Tax are continued in the following pages.

5. E-filing of service tax return

5.1 Till September 30, 2011, assesses paying service tax of ₹ 10 lakh or more (by cash and/or utilizing CENVAT) in the previous financial year were required to file returns electronically. However, with effect from October 1, 2011, e-filing of service tax returns has been made mandatory for all service tax assesses under rule 7(3) of Service Tax Rules, 1994 irrespective of the quantum of their turnover in the previous year. On account of introduction of such mandatory e-filing of returns for all assesses, the procedure for electronic filing of returns had been revised vide CBEC Circular No. 956/17/201 CX dated 28.09.2011.

5.2 The assesses can electronically file statutory returns of service tax by choosing one of the two facilities being offered by the department at present: (a) they can file it online, or (b) download the off-line return utilities which can be filled-in off-line and uploaded to the system through the internet.

5.3 Steps for preparing and filing returns

On line filing

☑ Returns can be prepared and filed on line by selecting the “File Return” option under RET module after logging into the ACES.

☑ All validations are thrown up during the preparation of the return in this mode and the status of the return filed using the online mode is instantaneously shown by ACES.

Off line filing

☑ Returns can also be prepared and filed off-line. Assessee can download the Offline return preparation utility available at [http://www.aces.gov.in](http://www.aces.gov.in) (Under Download).

☑ Prepare the return offline using this utility. The return preparation utility contains preliminary validations which are thrown up by the utility from time to time.

☑ Log in using the User ID and password.

☑ Select RET from the main menu and upload the return. Instructions for using the offline utilities are given in detail in the Help section, under “Download” link and assesses are advised to follow them.

☑ Returns uploaded through this procedure are validated by the ACES before acceptance into the system which may take up to one business day.

Tracking status of return

☑ Assessee can track the status of the return by selecting the appropriate option in the RET sub-menu. The status will appear as “UPLOADED” meaning under process by ACES, “FILED” meaning successfully accepted by the system or “REJECTED” meaning the ACES has rejected the return due to validation error. The rejected returns can be resubmitted after corrections.

☑ Mere uploading the returns will not be considered as returns having been filed with the department. A return will be considered as filed, when the same is successfully accepted by the application as “Filed”.

☑ Relevant date for determining the date of filing of return will be the date of uploading of such successfully “Filed” returns. In case a return is “rejected” by the application, the date of uploading of the rejected return will not be considered as the date of filing, rather the date of uploading of the successfully “filed” return (after the assessee carries out necessary corrections and uploads it again) will be considered as the actual date of filing.

☑ Service Tax Returns can be modified once, as per rules, up to 90 days from the date of filing the initial return.
Validation of the entries made while filing return

5.4 At the time of making entry in the electronic format of the service tax return, the software does some preliminary validation for ensuring correctness of data, either concurrently or at the time of saving/submitting the return. This validation process is automated. The user is prompted by the application software to correct the particulars entered wherever required. In respect of certain entries, although the application alerts the assessee about any entry found erroneous or inconsistent, as per the automated validation process, the assessee is still allowed to proceed further to complete data entry of the return and finally submit it electronically. But in some cases the assessees are not allowed to proceed further unless the error indicated is corrected.

5.5 A return filed electronically is subject to automatic verification process by the application and defective returns are marked to the departmental officer for review and correction. While reviewing the return, the officer may seek some clarification from the assessee, call for some information, records or documents which should be furnished by the assessee. In case of review and correction of returns by the departmental officers, assessees will receive a message from the application and they can log in to the application to view the reviewed returns online.

5.6 Returns, captured off-line using the downloadable utility and uploaded later on, are further subjected to certain validation checks. Processing of uploaded returns, using the off-line versions, is done at the end of one business day and the status can be viewed by the assessees under the “VIEW STATUS” link under “RET” module.

Acknowledgement of E-Filing of the return

5.7 After a service tax return is filed on-line, ACES application software acknowledges it by displaying an acknowledgement message. A unique document reference number is generated which consists of a 15-digit registration number of the assessee, name of the return filed, the period for which return is filed etc. This is also automatically communicated to the email id of the assessee by the application.

Difficulties in filing return

5.8 Assessee should visit the ACES website for complete details and instructions. Assessee who are unable to file electronically, for any technical difficulty in filing the returns, on account of difficulties at the department’s end viz. server/application is down or due to some defect in the software, should submit a soft copy of their return in CD along with a hard copy of the return prepared using the latest version of the offline utility and duly signed by the authorized person. This facility will be available only on the last day on which the return is to be filed. If the last day is a holiday then it can be submitted on the next working day. However, if the difficulty is on account of any defect on assessee’s end, this facility will not be available.

5.9 The assessee may lodge a complaint with the ACES Service Desk or the department by e-mail and/or by telephone, details of which are given in para 8 and obtain a ticket no. as an acknowledgement from the department. However, mere lodging of complaints with the ACES service desk will not be a valid ground to justify late filing of returns. If the difficulty is not on account of problems at the assessee’s end, and can be clearly attributed to the department’s IT infrastructure such as problems in accessing Central Board of Excise and Customs’ ACES application due to server, network or application being down, proportionate time will be deducted from the date of uploading of successfully “filed” returns to ascertain the actual date and time of filing of the return. Since the department maintains logs of such technical failures, in case of any dispute, the decision of the department will be final.

Digital Signatures

5.10 The ACES application is designed to accept digitally signed documents. However, this functionality is yet not activated. Pending its activation the electronic returns are filed into ACES without digital signatures. Hence, there is no requirement to submit signed hard copy separately.

6. E-payment of service tax

6.1 Under rule 6(2) of Service Tax Rules, 1994, payment of service tax through internet banking (e-payment) is mandatory for assessee who have paid service tax of ₹ 1,00,000 or more including the amount paid by utilisation of CENVAT credit, in the preceding financial year. However, with effect from 01.10.2014, e-payment will be made mandatory for all assessee regardless of the amount of service tax paid by them in the previous year. Till 31.12.2013, e-payment was compulsory only for those assessee who had paid service tax of ₹ 10,00,000 or more including the amount paid by utilization of CENVAT credit, in the preceding financial year.
6.2 For e-payment, assessees should open a net banking account with one of the authorized banks (currently there are 27 banks, list of which is available on the EASIEST (Electronic Accounting System in Excise and Service Tax) website of CBEC, maintained by NSDL (https://cbec.nsdl.com/EST/)).

6.3 For effecting payment, assessees can access the ACES website (http://www.aces.gov.in/) and click on the e-payment link that will take them to the EASIEST portal (https://cbec.nsdl.com/EST/) or they can directly visit the EASIEST portal.
6.4 Procedure for e-Payment

- To pay service tax online, assessee has to enter 15 digit Assessee Code allotted by the department/ACES.
- There will be an online check on the validity of the Assessee Code entered. Only if the assessee has been registered in ACES under service tax, will validation be successful.
- If the Assessee code is valid, then corresponding assessee details like name, address, Commissionerate Code etc. as present in the Assessee Code Master will be displayed.
- Based on the Assessee Code, service tax will be automatically selected in the category Duty/Tax to be paid.
- Assessee is required to click on Select Accounting Codes for Service Tax in the category Type of Duty/Tax to be paid.
- At a time, the assessee can select up to six Accounting Codes.
- The assessee should also select the bank through which payment is to be made.
On submission of data entered, a confirmation screen will be displayed. If the taxpayer confirms the data entered in the screen, it will be directed to the net-banking site of the bank selected. The taxpayer will login to the net-banking site with the user id/password, provided by the bank for net-banking purpose, and will enter payment details at the bank site. On successful payment, a challan counterfoil will be displayed containing CIN, payment details and bank name through which e-payment has been made. This counterfoil would be the proof of payment made.

7. Certified Facilitation Centres

7.1 To provide services to taxpayers who may not have requisite IT infrastructure/resources to use ACES, CBEC has entered into MoUs with Institute of Chartered Accountants of India (ICAI), the Institute of Cost and Works Accountants of India (ICWAI) and the Institute of Company Secretaries of India (ICSI) for setting up ACES Certified Facilitation Centres (CFCs) by their Members. These centres are set up by eligible Members of ICAI/ICWAI/ICSI holding valid Certificates of Practice issued by the Institutes. Several CFCs have been set up across India, details of which are available under the CFC link in ACES website (http://aces.gov.in/CFC.jsp). The services are available to the assessees on payment of prescribed charges for various services such as digitisation of paper documents, on-line filing/uploading of documents such as application for registration, returns, claims, permissions and intimations etc. in ACES.

7.2 For this purpose, assessees are required to write to the department authorizing one of the CFCs, from the approved list, to work in ACES on their behalf. They have to furnish the name and other details of the CFCs, including the registration No. issued by the ICAI/ICWAI etc. At any given time, one assessee can authorize one CFC, while one CFC can provide services to more than one assessee throughout India. In case the assessee wants to withdraw the authorization, it can do so by intimating the department. However, an assessee will be held liable for all actions of omission or commission of the CFC, during the period they are authorized by him/her to work in ACES.

8. Help for Assessees

8.1 CBEC has set up a Service Desk with National toll-free No. 1800 425 4251, which can be accessed between 9 AM to 7 PM on all working days (Monday to Friday). Besides, e-mails can be sent to aces.servicedesk@icegate.gov.in. All the calls/e-mails will be issued a unique ticket number, which will be attended to by the Service Desk agents for appropriate response.

8.2 A Learning Management Software (LMS) has been provided on the ACES website, which is a multimedia-based self-learning online tutorial guiding the assessees in a step-by-step processes to use ACES. The downloadable version of Learning Management Software is also provided on the website. Besides, User Manuals, Frequently Asked Questions (FAQs), Power Point Presentation and a Brochure have also been provided on the website to help the assessees use ACES.

9. Conclusion

9.1 Apart from the two procedures mentioned above i.e., e-filing of service tax returns and e-payment of service tax, ACES platform offers various other facilities also. A student undergoing practical training should strive to familiarize themselves with all such procedural compliances and undertake other type of assignments in the area of indirect taxes as detailed in para 2.5 above, to get a good grasp of the subject. In fact, a student’s endeavor should, as far as possible, be to diversify his experience under each category of work area as that would enrich his knowledge on the subject and help him to improve his performance in the examinations and ultimately facilitate him to become a competent professional.

9.2 The significance of effective practical training in indirect taxes assumes more importance in view of the growing scope of professional opportunities in this area. In the past decade, service tax has proved to be a very promising avenue for Chartered Accountants amongst the various indirect taxes and continues to have tremendous potential. Further, the introduction of India’s most ambitious and path breaking indirect tax reform viz., Goods and Service Tax is on the anvil which would wholly revamp its entire indirect tax system. Goods and Service Tax would unequivocally open up a wide arena of professional opportunities for our members. Effective practical training in indirect taxes would certainly boost the preparedness of young members to take up the challenges which would be posed by the new tax regime.

The above write-up is essentially based on CBEC’ Circular No. 956/17/201 CX dated 28.09. 2011.

September 2014 | The Chartered Accountant Student
International Double Taxation – Demystifying the Basics

CA Richa Sawhney

Countries across the globe, exercise their taxation rights, in accordance with their domestic tax laws. Internationally, it is recognised that there are certain links which connect a taxpayer to a particular country or a particular jurisdiction. These could be residence, citizenship, nationality, place of incorporation or place of management and control etc. It is also accepted that it is these links which give a country or a jurisdiction, a right to tax a taxpayer.

Under their domestic tax laws, most countries follow two important canons of international taxation, which are based on these links. These are:

- The Source Rule of taxation
- The Residence Rule of taxation.

Source Rule v. Residence Rule

Under the Source Rule of taxation, income is taxed in the country or jurisdiction in which it originates. This happens irrespective of whether it accrues to a resident or a non-resident. On the other hand under the Residence Rule, power to tax lies with the country in which the taxpayer resides. The country of residence of a taxpayer is typically referred to as “the home country” and country of source is called “the host country”.

In case of cross border transactions, issues arise if in any particular situation, both these rules get triggered simultaneously. The term “double taxation” refers to over taxation due to the interplay and overlap of these two rules of taxation.

Further, double taxation can also arise in the event, the criterion to determine tax liability differ i.e. some of the other links are used as a basis of taxation. For example one country may claim taxation rights on the basis of nationality and the other based on residence.

Let us examine this concept in the backdrop of the familiar Indian tax regime. As you are aware, in India a resident get taxed on his global income. However, if this income is earned from a source outside India then he may also suffer limited taxation on such income in country where this income originates. On the other hand a non-resident in India would be taxable on income which accrues or arises in India. He may also be taxed again in his home country on this income, based on his residence or nationality. Thus, it can be observed, that there would be double taxation in both these cases.

Types of Double Taxation

Double Taxation can be of two types:

- Economic
- Juridical

Economic double taxation happens when two different persons get taxed in respect of one income. For example, cases where there is taxation of business profits in the hand of company and on distribution, dividend gets taxed in hands of shareholders, i.e. the same income stream gets taxed in two hands.

However, in case of juridical double taxation one person gets taxed twice in respect of the same income in two jurisdictions. For example royalty income of an Indian resident is taxed in country X in which it originates and also again in India, where his global income is taxed.

Double Taxation Avoidance Agreement

A Double Taxation Avoidance Agreement (DTAA or a Tax Treaty) is a tool to mitigate this hardship in case of cross border transactions. It typically redresses juridical double taxation. A DTAA is an agreement between two countries or jurisdictions to regulate matters concerning taxation. The two parties of a DTAA are termed as Contracting States. It is important to note that taxpayer is not a party to this agreement.

Just like any other agreement, a DTAA is also entered into after negotiations and bargaining among the contracting States. DTAA lists down the rights and obligations between different parties. Right to tax may vest either with the home country or with the host country or they may share the taxation rights. Typically relief from double taxation is provided by home country. DTAA usually provide for both avoidance and relief in case of double taxation.

(The author is a member of ICAI. (Mem. No. 094560)
In the Indian context, power to legislate international treaties is conferred on the Union Parliament by the Indian Constitution. It is in the Union List. This power includes power to enter into DTAA.

Classification of DTAA

DTAA can be classified as:

- Limited DTAA
- Comprehensive DTAA

A Limited DTAA is a DTAA that deals with only certain sources of income. Indian DTAA with Pakistan and Afghanistan are examples of Limited DTAA.

A Comprehensive DTAA is a DTAA that deals with all possible sources of income. A comprehensive DTAA would have about 30-32 Articles. Indian DTAA with USA, UK and Singapore are examples of comprehensive DTAA.

Objectives of DTAA

Apart from avoidance or relief from double taxation, DTAA are entered into for:

- Allocation of taxing rights between the contracting states
- Prevention of tax discrimination
- Sorting out tax disputes
- Exchange of tax information to ensure compliance and prevent tax evasion
- Mutual assistance in tax collection
- To promote trade, business and investment

In fact, sometimes in the case of developing countries, promotion of trade, business and investment could be the most important objective for entering into a DTAA. These countries need to boost their economies by attracting foreign investment and technology, DTAA are then used as a tool to enhance their tax competitiveness to gain foreign capital and technology.

As far as tax payers are concerned apart from relief from double taxation DTAA also provide certainty. Many countries, including India, provide that DTAA would prevail over domestic law. Generally domestic tax laws keep changing more frequently. Tax Treaties are relatively stable and remain in force for several years as it is more difficult to amend them. Hence, they shield the taxpayers from adverse changes in domestic law.

Model Conventions and Commentaries

A model convention is a suggested draft which provides standard text which can be used as a basis of DTAA negotiation between two countries. Just as any other agreement the DTAA is also a product of negotiation between two parties. It can be adopted as it is or tweaking may be done on the basis of the negotiations. It is quite possible that it may contain suggested articles from different model conventions.

Globally, there are two model conventions which are commonly referred to while negotiating Tax Treaties. They are the:

- Organization for Economic Co-operation and Development (OECD) Model Convention
- United Nations (UN) Model Convention

The OECD Model Convention reflects the views of OECD Committee on Fiscal Affairs on various international tax principles. OECD Model is a perceived as a model between developed countries and the thrust is on residence based taxation. OECD Model is generally taken as a basis of negotiation between the OECD Countries. Currently 34 countries are members of OECD. India is not OECD member but has been inducted as an observer member.

As far as the UN Model is concerned, it reflects the views of an ad-hoc group of experts appointed by the United Nations. It is perceived as a model between a developed and developing countries with thrust on source based taxation. Most Indian DTAA are based on the UN Model.

The Model Conventions have their respective commentaries as well. These are updated periodically. These Model Commentaries aid in the interpretation of the Model Conventions. They explain the terms and provisions of the Model Conventions. In case of the OECD Commentary the OECD members have also provided their reservations, which reflects their views on points they depart from the main text. India also, as an observer member, has provided its reservations on the OECD Commentary.

In the Indian context, though the Model Commentaries are not legally binding but they do have a persuasive value and they are widely used in DTAA interpretation.
Vienna Convention

Vienna Convention on law of Treaties entered into force on January 27, 1980. To a great extent it codifies the earlier international practices and customary international law. Rules of Vienna Convention apply to all international treaties including Tax Treaties. One of the basic principles of the Vienna Convention is that every treaty in force is binding upon the parties and it must be performed by them in good faith.

It may be noted that India is not a signatory to the Vienna Convention; however, it in general abides by customary international law. In fact the Indian Constitution directs the government to foster respect for international law and treaty obligations.

Section 90 of the Act

In India, section 90 and section 91 of the Act, provide relief from double taxation. Section 90 deals with cases where the government has entered into a DTAA with another country i.e. bilateral relief and section 91 deals with cases where there is no agreement i.e. unilateral relief.

As per section 90, the taxpayer has an option to be taxed as per DTAA or domestic tax law, whichever is more beneficial, except in the cases where GAAR is applicable. GAAR provisions would be effective from April 1, 2016 and would apply to the taxpayer even if such provisions are not beneficial to him.

CBDT Circular 333 dated April 2, 1982 clarifies that provisions of DTAA will prevail over the Act. The choice, however lies with the taxpayer and the tax officer cannot thrust the provisions of DTAA on the taxpayer. The taxpayer can exercise this option differently for different sources of income in one year and also in respect of same source of income in different years. Pune Tribunal in case of Patni Computers has held that under the Act every year is independent and it is up to the taxpayer to decide if in a year provisions of the DTAA are more beneficial than the Act.

However, if there is no tax liability under domestic law, the DTAA cannot impose it. Also now in India, DTAA benefit can only be availed if the taxpayer produces a Tax Residency Certificate (TRC) from Government of Tax Treaty partner country. Some additional information to supplement the TRC is also required to be furnished.

Lastly, the discussion on double taxation is incomplete unless it is pointed out that at a micro level, international double taxation negatively impacts cross border transactions as it has a direct bearing on the return on investment and cash flows of a taxpayer. On the other hand, at a macro level, it acts an impediment to cross border flow of capital and technology. Hence, there is dire need to address the issues relating to double taxation so as to promote international trade and investment.

September 2014 | The Chartered Accountant Student
Some Essentials for Preparation: November, 2014 Examination

Intermediate (IPC) Paper 4 – Taxation

In order to ensure clarity as regards the applicability of provisions of income-tax and indirect taxes for November, 2014 Intermediate (IPC) Examination, as well as the BOS publications relevant for the said examination, the details regarding the same are briefed hereunder:

I. Applicability of Finance Act, Assessment Year etc. for November, 2014 Examination

(1) The amendments made by the Finance Act, 2013 in income-tax and indirect taxes;
(2) The provisions of income-tax law as applicable for the assessment year 2014-15;
(3) The significant notifications and circulars issued upto 30th April, 2014 (income-tax and indirect taxes)

II. BOS Publications relevant for November, 2014 Examination

<table>

<tbody>
<tr>
<td>Practice Manual (Part I: Income-tax) (Thoroughly revised and updated)</td>
<td>August, 2013</td>
<td>Each problem on income-tax contained in Volume II of this edition of the Practice Manual has been adapted/modified and solved on the basis of the provisions of law applicable for A.Y.2014-15. The amendments made by the Finance Act, 2013 and significant notifications and circulars issued upto 30.4.2013 have been taken into account. The Practice Manual has also been grouped chapter-wise and contains a variety of questions and problems in each topic for the better understanding and application of the concepts explained in the Study Material. In the Practice Manual, questions set at the past PE-II, PCC, and IPCC level examinations of chartered accountancy course have been modified/adapted and answered on the basis of the provisions of law applicable for A.Y.2014-15. After reading each chapter in the Study Material, try to work out the problems in the corresponding chapter of the Practice Manual on your own, and thereafter compare your answers with the answers given therein. This would help you to identify your mistakes and also learn from your mistakes. Further, this process would help in revision of the concepts and principles contained in each chapter of the Study Material and Practice Manual.</td>

### Volume III
**Study Material**
(Part II: Indirect Taxes)
(As amended by the Finance Act, 2013)

**November, 2013**

Volume III of the November, 2013 edition comprising of the Study Material on Part II: Indirect Taxes is based on the indirect tax laws as amended by the **Finance Act, 2013** and the significant notifications and circulars issued upto 30.4.2013.

Students appearing in November, 2014 examination are advised to read this edition of the Study Material as it has been prepared in accordance with the revised syllabus of Part II of this Paper. Students may note that the examination under the revised syllabus of Paper 4: Taxation will be held from November, 2014 onwards.

Study Material has been prepared with an aim to build a strong conceptual base in each of the indirect tax laws covered in the syllabus. Complex tax laws have been explained in lucid language with the aid of examples, diagrams, flow charts and the like. Students should make it a point to study each and every topic in the syllabus thoroughly.

### Volume IV
**Practice Manual**
(Part II: Indirect Taxes)
(Questions solved/answered on the basis of the provisions of law as amended by Finance Act, 2013)

**April, 2014**

All questions/problems of the Practice Manual on Indirect Taxes have been answered/solved on the basis of the provisions of law as amended by the Finance Act, 2013.

Questions in Practice Manual have been grouped chapter-wise. Each Chapter contains a variety of questions and problems for the better understanding and application of the concepts explained in the Study Material.

After reading each chapter in the Study Material, try to work out the questions/problems in the corresponding chapter of the Practice Manual on your own, and thereafter compare your answers with the answers given therein. This would help you to identify your mistakes and also learn from your mistakes. Further, this process would help in revision of the concepts and principles contained in each chapter of the Study Material and application of the same while solving practical problems.

Note – After you complete study of the entire syllabus content, solve all the questions in the Practice Manual once again to make sure that there are no grey areas.

### (2) Supplementary Study Paper - 2013
(Taxation)
[A discussion of amendments made by the Finance Act, 2013 in income-tax]

**July, 2013**

This publication explains the amendments made in income-tax by the **Finance Act, 2013** as well as by way of **significant circulars and notifications issued between 1.7.2012 and 30.4.2013**.

It is especially relevant in case you have the earlier edition of the Taxation Study Material of Part I Income-tax (i.e., the November, 2012 edition), which is based
on the provisions of law as amended by the Finance Act, 2012.

However, even if you have the latest edition (i.e., August, 2013 edition) of Volume I of the Taxation Study Material, you are still advised to read the Supplementary Study Paper-2013 for a better understanding of the statutory amendments.

However, significant notifications/circulars issued upto 30th April, 2014 are applicable for November, 2014 examination. The RTP for November, 2014 examination, therefore, contains the significant notifications and circulars in income-tax and indirect taxes issued after the date up to which they are covered in the above editions of the Study Materials (i.e., the RTP contains the notifications and circulars issued during the period from 1st May 2013 upto 30th April, 2014).

The RTP also helps you self-assess your preparation by solving the questions contained therein independently and comparing the same with the answers given.

Final Paper 7: Direct Tax Laws & Paper 8: Indirect Tax Laws

In order to ensure clarity as regards the applicability of provisions of Direct Tax Laws (DTL) and Indirect Tax Laws (IDTL) for November, 2014 examination, as well as the BOS publications relevant for the said examination, the details regarding the same are briefed hereunder:

I. Applicability of Finance Act, Assessment Year etc. for November, 2014 Final Examination

| (1) | The amendments made by the **Finance Act, 2013** in DTL & IDTL; |
| (2) | The provisions of direct tax laws as applicable for the **assessment year 2014-15**; |
| (3) | The significant **notifications and circulars issued upto 30th April, 2014** (DTL & IDTL) |

II. BOS Publications relevant for November, 2014 Final Examination

<table>
<thead>
<tr>
<th>Publication</th>
<th>Edition</th>
<th>Particulars</th>

</thead>
</table>
purposes. This will facilitate understanding of the language of law and the logical sequence of the sections. You should make it a habit to read the tax provisions along with the relevant sections so that you are able to relate the provisions of law, circulars and notifications with the respective sections.

| Practice Manual on DTL (Vol. III) (Thoroughly revised and updated) (Questions adapted/modified and solved on the basis of provisions of law applicable for A.Y. 2014-15) | October, 2013 | Each question contained in this edition of the Practice Manual has been answered/solved on the basis of the provisions of law applicable for A.Y.2014-15. The amendments made by the Finance Act, 2013 and significant notifications and circulars issued upto 30.4.2013 have been taken into account. The questions in Practice Manual have also been grouped chapter-wise. The Practice Manual contains a variety of questions and problems in each topic for the better understanding and application of the concepts explained in the Study Material. In the Practice Manual, questions set at the past Final examinations of chartered accountancy course have been modified/adapted and answered on the basis of the provisions of law applicable for A.Y.2014-15. After reading each chapter in the Study Material, try to work out the problems in the corresponding chapter of the Practice Manual on your own, and thereafter compare your answers with the answers given therein. This would help you to identify your mistakes and also learn from your mistakes. Further, this process would help in revision of the concepts and principles contained in each chapter of the Study Material and application of the same while solving practical problems. Note – After you complete study of the entire syllabus content, solve all the questions in the Practice Manual once again to make sure that there are no grey areas. |
| Study Material on IDTL (Vol. I & II) (As amended by the Finance Act, 2013) (Thoroughly revised and updated) | August, 2013 | This edition of the Study Material is based on the provisions of indirect tax laws, as amended by the Finance Act, 2013 and the significant notifications and circulars issued upto 30.4.2013. The Appendix to the Study Material may be ignored as it relates to May, 2014 examination based on old syllabus. The objective of the Study Material on IDTL and the manner of study is the same as described for DTL. |
| Practice Manual on IDTL (Vol. III) (Thoroughly revised and updated as per the law as amended by the Finance Act, 2013) | December, 2013 | The questions contained in this edition of the Practice Manual have been adapted/modified and solved on the basis of the provisions of law as amended by the Finance Act, 2013 and significant notifications and circulars issued upto 30.4.2013. The Appendix to the Practice Manual may be ignored as it relates to May, 2014 examination based on old syllabus. The objective of the Practice Manual on IDTL and the manner of solving the questions is the same as given for DTL. |
### (3) Supplementary Study Paper - 2013 (DTL & IDTL)  
**[A discussion of amendments made by the Finance Act, 2013 in DTL & IDTL]**  
**June, 2013**  
This publication explains the amendments made by the **Finance Act, 2013** in DTL & IDTL as well as the **significant circulars and notifications issued between 1.7.2012 and 30.4.2013**. It is especially relevant in case you have the earlier editions of the DTL & IDTL Study Materials (i.e., the October, 2012 & November 2012 editions, respectively), which are based on the provisions of law as amended by the Finance Act, 2012. However, even if you have the latest editions, i.e., the October, 2013 and August, 2013 editions of the DTL & IDTL Study Materials, you are still advised to read the Supplementary Study Paper-2013 for a better understanding of the statutory amendments.

### (4) Select Cases in Direct & Indirect Tax Laws – An Essential reading for the Final Course (Relevant for May 2014 & November 2014 Examinations)  
**September, 2013**  
This publication is a **compilation of significant recent judicial decisions of Supreme Court and High Courts** which, when read in conjunction with the DTL & IDTL Study Materials, will enable you to appreciate the significant issues involved in interpretation and application of tax laws.

### (5) Revision Test Paper (RTP) for November, 2014 Examination  
**[Revision material for self-assessment and updation]**  
**The October, 2013 edition of DTL Study Material & the August, 2013 edition of the IDTL Study Material, updated on the basis of the amendments made by the Finance Act, 2013 and significant notifications and circulars issued upto 30th April, 2013, are the Study Materials relevant for November, 2014 examination. However, the significant notifications and circulars issued up to 30th April, 2014 are applicable for November, 2014 examination.**  
**The Annexure to the RTP for November, 2014 examination, therefore, contains the significant notifications and circulars issued after the date up to which they are covered in the DTL & IDTL Study Materials i.e. the RTP contains the significant notifications and circulars issued between 1st May, 2013 and 30th April, 2014.**  
**The Annexure also contains recent significant legal decisions in direct and indirect tax laws which are relevant for November, 2014 examination. These legal decisions are in addition to the case laws reported in the September, 2013 edition of the publication “Select Cases in Direct and Indirect Tax Laws”. The RTP also helps you self-assess your preparation by solving the questions contained therein independently and comparing the same with the answers given.**

**Note:** All the publications mentioned above have also been hosted at the BOS Knowledge Portal on the Institute’s website www.icai.org. RTP will be hosted shortly.

*(Contributed by Board of Studies)*
How to prepare for November 2014 examinations

Intermediate (IPC) - Paper 2: Business Laws, Ethics and Communication

Final- Paper 4: Corporate and Allied Laws, Final

The Companies Act, 2013 received the assent of the President on 30th August, 2013 stating that different provisions of the Act would be enforced in a phased manner by the Central Government through notification. Accordingly, the Central Government notified 98 sections of the Companies Act, 2013 on 12th September, 2013.

In view of the said development, the syllabi of Paper 2: Business Laws, Ethics and Communication, at Intermediate (IPC) level and Paper 4: Corporate and Allied Laws at Final level have been revised in a limited manner so as to include the following note at the end of each syllabus:

“If any provision of the Companies Act, 2013 comes into force in place of an existing provision under the Companies Act, 1956 or otherwise by way of new provision, the syllabus would accordingly include the corresponding or new provisions of the Companies Act, 2013, as the case may be”.

Accordingly, out of 98 sections notified in September, 2013, 53 sections are relevant for the Paper – 2, Business Laws, Ethics and Communication [Intermediate (IPC) Course], and 45 sections are relevant for the paper- 4, Corporate and Allied Laws [Final Course] for November, 2014 examinations. Further also, the notified sections of Chapter IX, “Accounts of Companies” and Chapter X, “Audit and Auditors” of the Companies Act, 2013, along with its relevant rules are applicable for the Paper- 4, Corporate and Allied Laws [Final Course] for November 2014 examinations.

In order to apprise the students with the said new sections, the Board of studies has prepared a Supplementary Study Paper [both at Intermediate (IPC) and Final level] containing the notified sections of the Companies Act, 2013 applicable for November, 2014 examinations. Further, a comparative study of the erstwhile sections and the newly notified sections is incorporated for the easy understanding of the students. The same has been prepared in consonance with the Study Material for the ease of reference of the students.

Intermediate (IPC) - Paper 2: Business Laws, Ethics and Communication

Supplementary Study Paper for Intermediate (IPC) level [June, 2014 edition] contains notified 53 sections of the Companies Act, 2013 as applicable for November 2014 examinations. Students may note that along with these applicable notified sections of the Companies Act, 2013 [covered in Supplementary], remaining existing provisions of the Companies Act, 1956 would continue to apply for November 2014 examinations. Thus, students should go through the existing applicable provisions of the Companies Act, 1956 from the Study Material [July 2013 edition] and for the newly notified sections of the Companies Act, 2013, they should refer the Supplementary Study Paper.

Supplementary Study Paper for Intermediate (IPC) level is hosted on the ICAI website in the BoS Knowledge Portal at http://220.227.161.86/32794ssp-p2blec-ipc.pdf. Further, hard copy of the same is also available for the reference of the students.

Final- Paper 4: Corporate and Allied Laws

Supplementary Study Paper for final level [June, 2014 edition] has two parts-Part-I and Part-II.

Part-I contains 45 notified sections of the Companies Act, 2013. The same is also hosted on the ICAI website in the BoS Knowledge Portal at http://220.227.161.86/32793ssp-p4final.pdf. Further, hard copy of the same is also available for the reference of the students.

Part-II contains notified sections of Chapter IX, “Accounts of Companies” and Chapter X, “Audit and Auditors” of the Companies Act, 2013 along with its rules. The same is also hosted on the ICAI website in the BoS Knowledge Portal at http://220.227.161.86/33649bos23281.pdf. Further, hard copy of the same is also available for the reference of the students. Students are advised to refer this part of the Supplementary instead of Chapter 1 i.e. Accounts and Audit of the Study Material.

Relevant definitions relating to the notified sections of the Companies Act, 2013 have been consolidated and given in the initial pages for the easy reference of the students. Further, students may note that along with the applicable notified sections of the Companies Act, 2013, the remaining existing provisions of the Companies Act, 1956 would continue to apply for November 2014 examinations. Students may refer to Study Material of Paper 4: Corporate and Allied Laws (*January, 2014 edition).

Revision Test papers

The students at both- Intermediate (IPC) and Final level must refer the Revision Test Papers relevant for November 2014 examinations covering various new questions and answers based on the Companies Act, 2013 along with the questions and answers based on the Companies Act, 1956.

(Contributed by Board of Studies)

1 Though the study material (January 2014 edition) has been prepared keeping in view the provisions of 45 sections of the Companies Act, 2013, the students may also refer the supplementary on these 45 sections for various points of comparison between the provisions of old Act and the new Act, and for relevant definitions of the Companies Act, 2013 related to 45 notified sections of the Companies Act, 2013.

</table>
Q. How does it feel to be at the top?
Ans. Well, it feels great. A feeling that cannot be described in words. More important because I had missed AIR1 by 1 mark in IPCC. It feels like being a celebrity. Life has changed overnight but I know that though change is overnight but it is a result of years of hard work.

Q. According to you, what are the intrinsic and external factors contributing to your outstanding success in the final exam?
Ans. Most important factor that helped me succeed was support of my parents and sisters. Then my teachers, who helped me throughout. My friends have also helped me a lot. Proper planning, discipline and hard work were the important ingredients put in by me to achieve this success.

Q. What strategy/study plan did you follow while preparing for the exam?
Ans. The strategy was completion of entire course. All the portions and topics of syllabus were completed. Generally students make the mistake of selective study based on trend analysis.

In CA Finals studies, time management is very important because one has to manage articleship training, tuitions as well as self-studies.

Students often ask me how many hours did I study? I would like to answer it here that I never set my target in hours but I used to set daily target of work or chapter or portion of syllabus that I have to do.

Three readings before the exams and complete reading during the exam was strategy adopted by me.

Q. How have been the inputs provided by the Institute contributed to your success in the examinations?
Ans. Inputs and materials provided by Institute were very helpful. I always used to go through the module to ensure I had completed the entire syllabus. Further the practice manuals are also required to practice the concept learned. The RTPs, Case Laws and supplementary provided for amendments are very important and should always be covered. Further I also practiced question papers of past 4-5 attempts from the Knowledge portal of site of Institute and compared my answers to suggested provided therein to see areas I needed improvement.

Q. What are your aspirations for the future? Do you have any specific career choice?
Ans. I will start my career by taking up a job after evaluating the various options I have.

Q. Do you think the Chartered Accountancy Course is the gateway to achieving professional excellence?
Ans. Yes definitely it is. The thorough conceptual understanding required to clear the exam combined with practical knowledge gained during training makes CA course a gateway to achieve professional excellence.

Q. How would you motivate the youngsters joining this course?
Ans. I would like to say to all youngsters that it is a course that will give you a strong conceptual base as well as practical knowledge in areas of accounts, finance, taxation, corporate law and auditing. CA is a very reputed profession in the society. It will require proper planning, discipline and hardwork to become a CA.

Q. How does it feel to be at the top?
Ans. Wow…..it feels great ……to be part of Chartered Accountancy profession. And when it came with AIR-2 it was just icing on the cake. President of ICAI, Director BOS and all other dignitaries congratulating me personally made my success all the more special and memorable.

Q. According to you, what are the intrinsic and external factors contributing to your outstanding success in the final exam?
Ans. There can not be an exhaustive list of such factors. But surely patience and firm determination are the key pillars to achieve heights in any sphere. Among external factors, on one hand getting well versed with topics, sincere articleship for practical experience and on other hand, keeping in line with amendments help. So, basically it requires mix of both smart and hard-work.
And not to forget, I believe along with my hard-work it is blessings of family, friends and all others that has added to it.

Q. What strategy/study plan did you follow while preparing for the exam
Ans. Strategy was to keep it simple. One or two subjects at a time and understanding basics before getting into technicalities of topic is crucial to be in touch of that subject for long-term. Keep in mind that Presentation skills and terminology are as important as theoretical knowledge of subject.

Q. How have been the inputs provided by the Institute contributed to your success in the examinations?
Ans. Definitely, most important factors in my CA final success are publications from Institute, be it practice manual, study material, RTP, book on case laws, journal and all other such informational articles. These go a long way in bridging gap between student’s knowledge of subject and Institute’s expectation regarding level of preparation and manner of presentation. And practical exposure to real business scenario’s provided under articleship is key to refine our theoretical knowledge.

Q. What are your aspirations for the future? Do you have any specific career choice?
Ans. The feeling of becoming member of this fraternity is overwhelming and its taking time to get used to be called “CHARTERED ACCOUNTANT”. There isn’t any specific choice at this moment, because there is much to learn from experts, but surely aspiring to serve industry for coming years and keeping pride and dignity of profession ever so high.

Q. Do you think the Chartered Accountancy Course is the gateway to achieving professional excellence?
Ans. Surely yes, PM Mr. Narendra Modi, a great visionary while addressing members on CA day, highlighted the fact that, Chartered Accountants have a great role to play in economic progress of this country. Truly, diverse knowledge that a student acquires during his chartered accountancy course surely goes a long way in building up a strong base for a promising professional career ahead. After completing CA Course, several avenues open up for a Chartered Accountant- be it in finance sector, taxes, accounting and auditing and the list goes on.

Q. How would you motivate the youngsters joining this course?
Ans. Beginners need to firstly love and respect this profession. It is surely one of the toughest courses but they must understand and complement the fact that it is for the same reason, a Chartered Accountant commands the level of respect in society that he actually does. “what’s worth having, is worth fighting for.” Enjoy 4-5 years of student life under Institute and at the same time, realize importance of this period in laying the foundation of your professional career. All the best to all upcoming members of profession!!!!

Q. How does it feel to be at the top?
Ans. It feels as if all the efforts, hard work, patience have been worth it! One of the best moments in life was when I saw the happiness and proud feeling on my parents’ sister’s family and friends’ faces.

Q. According to you, what are the intrinsic and external factors contributing to your outstanding success in the final exam.
Ans. Sister’s guidance, parents’ support, hard and smart work, professors’ and colleagues’ encouragement, dedication and determination in appropriate proportions!

Q. What strategy/study plan did you follow while preparing for the exam?
Ans. I studied for 10 to 12 hrs for 3 months and around 15 hrs during the last 2 months. However, I did not study at all before this! So, I believe in work hard, party harder!

Q. How have been the inputs provided by the Institute contributed to your success in the examinations?
Ans. ICAI Study material, practice manuals, test series, amendments, case laws helped a lot. They were fantastic!

Q. What are your aspirations for the future? Do you have any specific career choice?
Ans. I want to get corporate experience for some years then opt for further education and eventually carve out many great empires making all my CA fraternity, friends and family feel proud of me!

Q. Do you think the Chartered Accountancy Course is the gateway to achieving professional excellence?
Ans. Yes definitely!

Q. How would you motivate the youngsters joining this course?
Ans. Mugging up will take you nowhere in CA. You have to take it logically and conceptually. You are not supposed to be bookworms and socially shy. If you know what you are doing, nothing can stop you from getting what you want!
1. Do you agree with the statement that variance analysis induces dysfunctional behavior?

The answer to this peculiar situation cannot be given in isolation. To a larger extent, variance analysis does induce a pattern of dysfunctional behavior. The traditional practice of appraisal of managers / personnels that is being followed in the companies, is to “rate” them on the basis of their performance scale.

Performance scale includes comparing actual results with the budgeted data. The managers are continuously on their heels to match the budgeted scale or over-perform the budget. This might induce the element of dysfunctionality, as regards to the pattern, quality, prices and such other variances, to the overall production.

As given in the case, managers can possibly resort to buying bulk materials, just to avail discounts of bulk buying, or even go for cheaper quality of raw materials to match the budget, not giving consideration to the danger of “Obsolescence”. Bulk buying might get them discounts, but implies another cost too, cost of storage. Also, if we follow the Finance rules, locking up such inventory for long time might result into loss of opportunity cost of investing that money somewhere else, thus losing valuable interest and locking up funds.

On the other hand, this dysfunctionality can be overcome, if variance analysis is implemented in an appropriately subtle manner. As mentioned in the case, performance should not be used as a stick to beat the managers. Managers should be given full freedom of conducting proper operations of their respective departments, followed by targets, instead of “typical standards”. Also, frequent revisions in standards, in tune with the market forces, might result in optimum utilization of the company’s funds to a larger extent, without abolishing the variance analysis.

2. Do you think variances should be used for performance appraisal?

Change is the rule of the game. Considering today’s highly competitive industry and dynamic nature of operations carried out all over, it is quite difficult to say that just the Variances can be of a use for performance appraisal.

There is a change in the way of management outlook now, as compared to that, which was few years back.

The top level management now understands the real time problems faced by various managers and personnels in matching the standards. It doesn’t mean that the Standards set are useless, but they tend to become unreal with the constantly changing market conditions.

The top Management now acts as an adviser, instead of a “Regulator” or a “Watchdog”. “Match the standards!” is not the only benchmark now, to determine the efficiency or optimality of any department. The approach is now wider, and in the interest of the Company as a whole.

This might give variance a way out.

3. Should Pele Tube Electronics abandon its existing costing and budgeting systems?

The answer to this question again, cannot be the only isolated solution. In the given case the questions being raised on the Existing Costing and budgeting systems of Pele Tube Electronics, do assume a heavier weight.

The existing cost system of the company, has yielded fruitful results in the past years since the inception. Though the base of costing remains the same, there are tremendous changes in the cost measurement and recognition techniques. To such changes, the management is expected to be proactive, instead of reactive, in totality.

The ever fluctuating demand has to be catered to by the company and this is not possible with a rigid standard setting approach. Proper and appropriately relevant importance is required to be given to the production pattern, which will in turn decide the costing approach. Also, entry of other players in the market should be given a due consideration as Price Parity can be decided considering the former.

Thus, taking the existing situation of Pele Tube Electronics, it might turn out better for the company to abandon its existing costing and budgeting systems due to intense competition and development of changes in the costing pattern is the need of the day. Rigidity in the costing system, for instance, unutilized fixed expenses, will land the company nowhere. The preciseness and transparency in the costing system will be the turnaround for Pele Tube Electronics, if implemented.

The Contributor is a student of ICAI (Reg. No. WRO0313425)
4. How is activity based costing different from traditional based costing?

Traditional costing, no doubt, forms the foundation of today’s newly designed costing techniques, but finds no place in the pace of ever changing and dynamic world. Rigidity and set rules, pull the traditional costing on its back foot. The rigidity does not allow it to adapt to the newly reformed changes and the set rules act detrimental for the internal organization.

Activity Based Costing is a key elementary introduction in the field of cost measurement and control. It implies assignment of values to the various aspects of cost giving regards to their importance. It divides the cost items into 2 parts viz according to their relative importance and their weights. Activity based costing removes the rigidity element, thus apportioning costs on the nearest accurate basis as compared to traditional costing. This results in removal of problems such as unutilized fixed costs, over-absorption and under-absorption and the like.

Even though most of the companies are yet to undertake Activity Based Costing, it is expected to soon flow into all the departments and wipe out the traditional means and methods of costing. Activity based costing is the need of the day and will surely enable the personnel and the managers to make their way through, without facing the beating!
Scholarships for CA Students

The Board of Studies awards following Scholarships to students twice a year i.e. in the month of April and October:

Merit Scholarships under Serial No. 1 are automatically awarded to the eligible students hence they are not required to apply.

With regard to Scholarship from Sr. No. 2 to 7, applications are invited for grant of scholarship to be paid from October 1, 2014 onwards to the selected candidates.

The detailed guidelines along with the requisite application forms are available on the Institute’s Website (www.icai.org) (link: http://icai.org/post.html?post_id=6486).

Notes:
- Applicants shall be the registered students of Intermediate (IPC) or Final Course.
- In the case of Intermediate (IPC) Students, Scholarship shall be paid for a maximum period of 18 months.
- In the case of Final students, Scholarship shall be paid for a maximum period of 30 months or balance period of their articship, whichever is less.
- An additional amount of Rs. 100/- p.m. shall be paid to SC/ST/OBC students, under Need-based and Weaker Sections Category. They shall have to enclose a certificate/documentary proof duly attested by a gazetted officer or a member of the Institute.
- One scholarship under the Need-Based and Weaker Section Category is reserved for a Physically Challenged student.

Duly completed and signed Application Forms in the prescribed formats (Form No. 3 & Form No. 4) should reach the Director, Board of Studies, The Institute of Chartered Accountants of India, ICAI Bhawan, A-29, Sector-62, NOIDA-201309 latest by 30th September, 2014.

In case of any clarification, please contact the Board of Studies, Telephone Nos. 0120-3045930/931; email: gagandeepsingh@icai.in, bosnoida@icai.in

Director, Board of Studies
Important Announcement

It has been decided to grant extension to students, who were registered for practical training on or after 1st May, 2012 and completed one year of their practical training but not completed the GMCS-I course, are required to complete GMCS-I Course latest by 31st December, 2014.

The above students are advised to register at the portal www.icaionlineregistration.org or contact the nearest Regional Council/Branch for registration in GMCS-I Course and complete the same at the earliest but not later than 31st December, 2014.

Director, Board of Studies
